VOL. VII. NO. 149.

SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, JUNE 5, 1912.

50 CENTS PER MONTH

LIVELY TILTS IN DARROW TRIAL

Defendant Makes Open Ob-
jection to Conduct of Case
by Attorney Fredericks

ATTORNEY APPEL OFFERS
TO FIGHT PROSECUTOR

Darrow Admits the Receiving
of \$200,000 From Federation
of Labor For McNamara

LOS ANGELES, June 5.—Darrow
projected himself into his trial to-
day, precipitating a verbal clash with
District Attorney Fredericks. The
prosecution, produced cancelled
checks drawn by Frank Harrison,
secretary of the American Federation
of Labor, in favor of Darrow, aggre-
gating \$200,000.

Darrow admitted receiving the
money as a portion of the McNamara
defense fund. Sotto voce, Fredericks
addressed Darrow: "You wouldn't
admit that unless you knew we can
prove it."

Darrow leaped to his feet and ad-
dressed the court: "I object to that
remark. It was evidently meant for
the jury." Fredericks replied: "I
thought the defendant man enough
and with stamina enough to have a
personal conversation, without bawling
it out to the court."

Attorney Appel, for the defense,
mixed in, shaking his fist beneath
Fredericks' nose and challenged
him to fight.

Immediately prior to the noon ad-
journment, Judge Hutton interrupted
the proceedings, reminding Fredericks
and Appel for their outburst, and
held both in contempt of court. He
fined Fredericks \$25 and Appel
\$5. He also criticised Fredericks,
saying he should apologize to the
court and defendant.

The prosecution offered as evidence
a cancelled check for \$10,000 drawn
by Morrison to Darrow. It was en-
dorsed by Darrow and Olaf Treit-
more and cashed in San Francisco.
The prosecution stated it will attempt
to trace the money from this check
through Darrow to Franklin.

TWO KILLED IN RIOTS

Women Attack Strikebreakers
at Newark, N. J.—Woman
and Boy Killed

NEWARK, N. J., June 5.—Shot by
police called to quell a riot between
the wives of striking railroad labor-
ers and strikebreakers, Mrs. Fele-
no Dauria and a thirteen-year-old
high school boy were dying and five
men and badly injured.

The women entered the Lackawan-
na railroad cut and began stoning
the strikebreakers. The police seized
Mrs. Dauria. A hundred foreign-
ers rushed to her aid. When the po-
lice started to carry the woman
away a mob of five hundred fol-
lowed and demanded the surrender of
the woman.

In the ensuing riot Patrolman Ho-
gan was stabbed and Patrolman
Wideman injured. The mob dispersed
when the reserves arrived.

SENATOR NIXON'S
DEATH EXPECTED
AT ANY MOMENT

WASHINGTON, June 5.—Senator
George Nixon of Nevada, who is ill
of spinal meningitis and blood poison
following a nasal operation, cannot
live through the day, according to his
physicians. The end is expected mo-
mentarily.

FAVORABLE REPORT ON COTTON MEASURE

WASHINGTON, June 5.—The
House Ways and Means Committee
today favorably reported the Under-
wood cotton tariff reduction bill. The
measure is identical with that passed
last fall by both houses and voted
by Taft. The Democratic leaders de-
clare it will save \$30,000,000 annu-
ally to users of cotton clothing.

Californians Will Insist on Square Deal

SACRAMENTO, June 5.—Gov-
ernor Johnson today issued a
statement that progressive Re-
publicans will insist on the Chi-
cago platform representing the
people's demands. He said: "We
in California who were elected at
a fair primary where our op-
ponents had every fair oppor-
tunity do not view with equanimity
the overthrow of the people's will
in any state. The California de-
legates will insist on a fair deal
and that the people's will be ob-
served."

The Governor declared that
Taft victories thus far have been
secured through overriding the
popular will.

light west winds.

Only Four Slain Says Belgian Authorities

BRUSSELS, June 5.—Reports of
wholesale loss of life in Belgian riots
are discredited by the government au-
thorities. It is asserted that only four
were slain. Disorders continue today
in Liege, Antwerp, Ghent and Ver-
viers. Brussels is calm.

Olsen to Get New Hearing

WASHINGTON, June 5.—President
Taft and Attorney-General Wick-
ham have ordered the federal official
at Seattle to grant a new trial to
Leonard Olsen, the Socialist whose
citizenship was cancelled by Federal
Judge Hanford on the ground that
he was a professed Socialist.

Mexicans Swamp Federal Building

LOS ANGELES, June 5.—Court of-
ficials were compelled to clear the
federal building of hundreds of Mex-
icans, including babies and women,
on account of the dense crowd and
intense racket when the Mason broth-
ers' trial, on the charge of violating
the neutrality law, was resumed to-
day. The jury was completed short-
ly after noon.

ROOSEVELT FLAYS BARNES ALSO OHIO "BRIGANDAGE"

OYSTER BAY, N. Y., June 5.—
Theodore Roosevelt in a statement
last night expresses his opinion of the
action of the Ohio state convention
and alludes scathingly to the defense
put up by William Barnes, Jr., against
the attack made upon him yesterday
by the colonel.

Mr. Roosevelt's statement, in part,
follows: "The plain people of the Republi-
can party of Ohio, have just held a state-
wide primary in which they repudiated
Mr. Taft by over thirty thousand
majority. The politicians, by avarice
manipulation, have succeeded in giving
Mr. Taft the delegates at large in
frank and cynical defiance of the em-
phatic action of the people them-
selves. This is, of course, pure political
brigandage."

"This action in Ohio is merely a
fresh and conclusive proof that Mr.
Taft and his advisers care nothing for
the will of the people and are out to
get the nomination without reference
to the methods by which it is secured.
It is a crowning illustration of Mr.
Taft's theory of government of the
people by a 'representative part' of
the people."

\$100,000 Bridges and \$60,000 For Indigents Election on July 20

The Board of Supervisors today called an election for
July 20 to consider the issuance of \$100,000 bridge bonds
and \$60,000 county hospital, almshouse and poor farm
bonds.

The proposal to issue bonds for the bridges and the
care of the indigents has been under consideration for sev-
eral weeks. With the money secured from the bridge bonds
it is proposed to build bridges in a substantial manner, prob-
ably with concrete, and thus do away with costly mainte-
nance.

As yet the supervisors have not selected a poor farm.
In the call that is passed by the county board, both is-
sues of the bonds will run twenty years and will bear five
per cent interest.

DIXON EXPECTS TO GET EVEN BREAK

Resents Allegations That Taft-
ites Will Use Steam Roller
in Committee

THINKS CONTESTS
WILL GO ON MERITS

Congressman McKinley Fig-
ures 600 For Taft on the
First Ballot

CHICAGO, June 5.—Commenting
on the Roosevelt victory in South
Dakota, Senator Dixon said: "It is
another proof that Roosevelt is the
people's choice. This is the twelfth
state successively favoring the Col-
onel through primaries. It is ru-
mored that the Taftites, through
some mysterious sleight of hand
performances, will reverse the deci-
sion of the voters in the national com-
mittee."

"I bitterly resent such insinuations.
I believe absolutely in the commit-
tee's fairness. I think they will de-
cide each contest on its merits.
That's all the Roosevelt managers
ask and all they have a right to ask."
Congressman McKinley, Mr. Taft's
campaign manager, today predicted
600 votes for Taft on the first bal-
lot at Chicago. He predicted the
party will incorporate in the plat-
form Taft's constitutional govern-
ment and progressive evolution doc-
trine.

WANT ROAD RESULT

RIVERSIDE, June 5.—Announce-
ment was made here yesterday of a
conference arranged with General
Manager Wells of the Santa Fe at
Perris, on Thursday morning, for the
purpose of showing him, if possible,
that the Santa Fe would do well to
rebuild its Temecula Canyon line
which in days gone by took care of a
good deal of the traffic to and from
San Diego.

WOULD ABOLISH THE STATE SENATE

PHOENIX, June 5.—Senators
Woosley and Roberts yesterday
jointly introduced a bill providing for
submission to the people of an amend-
ment to the constitution for the abol-
ishing of the state senate.

ROOSEVELT FLAYS BARNES ALSO OHIO "BRIGANDAGE"

"Mr. Barnes has been chosen to
head the Taft forces at this stage of
the fight. He has just flown to a de-
fense of the Rochester platform. In
his defense he refers to generalities
about issues which have no more re-
ference to the issues of the present
day than if he should quote from
Magna Charta."

"The platform was designed in de-
fense and advocacy of the twin prin-
ciples for which Mr. Barnes stands,
the right of the bosses to rule the poe-
ple and the supremacy of privilege
over the rights of humanity."

"How the principles advocated by
Mr. Barnes, who has been selected to
lead the Taft fight at this juncture,
work in practice, is set forth in detail
in the report of the special committee
of the New York state senate, appoint-
ed to investigate the city and county
of Albany, transmitted to the legisla-
ture on March 9 last. It speaks for
itself and I commend it to those men,
including Mr. Taft himself, who wish
to see just what the judgment of a
legislative committee of Mr. Barnes'
own state is as to the workings of Mr.
Barnes' theory of government in his
own city."

\$320,000 COST MAINTAINING SCHOOLS

Orange County Spends Liber-
ally For the Education of
Its Children

GRADES LESS PER
PUPIL THAN HIGH

Many New School Houses
Built in Last Year—New
Districts Are Formed

Orange County has a reputation
for good schools, both city and coun-
ty. In the maintenance of her schools
alone \$320,000 has been spent in the
last year, which shows that there is
nothing niggardly about Orange
County when it comes to education.

The last year has been a wonderful
year in the growth of the schools, as
shown by the new buildings. Ten or
twelve districts have added new
buildings. Anaheim has built and de-
dicated a fine new Polytechnic High
School.

On Saturday evening of this week
the Placentia grammar school district
will dedicate the finest grammar
school building in the county. The
building and grounds cost \$50,000.
The dedication exercises will be held
the same evening with the graduation
exercises of the Eighth grade. Coun-
ty Superintendent of Schools Mitchell
is to speak, as will also the architect,
Frederick Riley of Santa Ana.

Yorba Linda's \$10,000 bonds have
been sold, as have the \$10,000 bonds
of the Ocean View school district.
Newport Beach school district has
just received its \$27,000 bond money.
These three districts will put up new
school buildings this summer and
have them completed in time for the
opening of the schools in September.
El Modena school district last week
voted \$25,000 bonds for a new school
building. Santa Ana expects to sell
\$200,000 high school bonds and \$25,
000 grammar school bonds this month.

According to the figures compiled by
the county superintendent of
schools the common schools of the
county in the last year have cost
\$194,390.50 for maintenance. This
sum came as follows: County, \$81,
000.50; state, \$77,983; special taxes,
\$35,407.06. The superintendent does
not know the number of students in
attendance this year. Last year the
final reports showed 4938 primary and
grammar school pupils. Using last
year's attendance and this year's ex-
penditure, the estimates show that
the cost of educating each common
school pupil was \$40. With the in-
creased attendance of this year, the
actual cost is probably about \$35.

The cost per high school pupil is
much greater. The total paid out for
maintenance is \$123,135.44, for all
the high schools in the county. Last
year's attendance at the high schools
was 838. This would give a cost of
\$147 per pupil. There are probably
1000 high school pupils in attendance
this year, which would make the ac-
tual cost about \$123 per high school
pupil.

The principal reason why the main-
tenance for high schools per pupil is
so much larger than in the lower
grades is that high school teachers
get better salaries than the grade
teachers, and that the proportion of
teachers per 100 pupils is probably
double in the high school what it is
in the grades.

With the growth of the county there
have been a number of new school
districts formed, each new district
requiring a new schoolhouse. The next
year will probably see several more
new districts formed.

CITIZENS HAVE DECIDED TO RAISE \$25,000 BONUS

SAN BERNARDINO, June 5.—The
citizens of Rialto last night voted to
raise \$25,000 as a bonus to secure the
Pacific Electric right of way between
San Bernardino and Ontario. The
meeting of Rialto interests at which
the bonus matter was discussed was
largely attended, and an impending
force was the fact that San Bernar-
dino is to have a Polytechnic High
School group, and if the electric line
is built between Rialto and San Bernar-
dino the children of Rialto can
easily attend the San Bernardino
school.

IMPEACHMENT FOR JUSTICE ARCHBALD

WASHINGTON, June 5.—That im-
peachment of Commerce Court Judge
Archbald will be recommended was
privately stated today by members
of the House Judiciary Committee,
which began executive session this
afternoon following the open investi-
gation of the charges against Arch-
bald. The report is expected next
week. Archbald and his two sons are
remaining here to await the report.

HOPES OF FAIR DEAL ARE RAPIDLY FADING

Indications That Steam Roll-
er Will be Working Smooth-
ly at Chicago

ROOSEVELT MANAGERS
ARE DISCOURAGED

National Committee Decides
to Exclude Public From the
Contest Hearings

CHICAGO, June 5.—Roosevelt bolt
talk, which has been growing strong-
er hourly, reached a crisis today with
the arrival of Roosevelt's campaign
manager, Senator Dixon. All indica-
tions point to a Taft victory in the
contests before the National com-
mittee. It appears certain that the
Taft men will be seated in all con-
tests except that of Texas and Wash-
ington. The committee meets at 2
o'clock tomorrow afternoon.

The session threatens to be the
stormiest in the history of the party.
The hearing on contested delega-
tions begins Friday. Fifteen min-
utes will be allowed each side in dis-
trict controversies. The national
committees have agreed that only
representatives of the press associa-
tions will be permitted to attend the
contest hearings. Three-fourths of
the committee are already here.

Gus Karger, Taft's personal repre-
sentative, arrived this morning bring-
ing a personal message from Taft to
McKinley.

Dixon conferred immediately with
Ormsby McHarg, Bainbridge Colby,
Cecil Lyon and William Ward in re-
gard to the national committee con-
test fight. Dixon insisted that Taft
will be able to gain control only
through fraud.

SOUTH DAKOTA GOES SOLID FOR ROOSEVELT

SIOUX FALLS, S. D., June 5.—In-
complete returns affirm the early es-
timate that Roosevelt gets the solid
South Dakota delegation to the Chi-
cago convention with a primary plu-
rality of 10,000. Clark and Wilson,
both still claim the Democratic vic-
tory.

OYSTER BAY, June 5.—Returning
from a horseback ride Colonel Roose-
velt refused to comment on the
South Dakota results. He declared he
expects a fair deal at the National
convention. Medley McCormick and

velt.

CHICAGO, June 5.—That the Roose-
velt men have little chance of seating
their newly elected National com-
mitteemen until after the nomination is
the assertion of Committeeman Ward
of New York, a staunch Roosevelter.
Mr. Ward appeared disheartened over
the prospects before the committee.

UNIT RULE GIVES
HARMON ALL OF OHIO
TOLEDO, June 5.—After an all-

CHAMBER OF COMMERCE SETS JUNE 20 AS DAY TO GET NEW MEMBERS

The Santa Ana Chamber of Com-
merce has been growing rapidly, but
not as rapidly as its directors and
secretary, J. C. Metzgar, would like.
That is the reason a day has been set
apart upon which every member of
the Chamber of Commerce is ex-
pected to get out and hustle for new
members. The plan of procedure has
been outlined by L. L. Shaw, chair-
man of the booster committee, as
follows:

Thursday, June 20, is "Santa Ana
Chamber of Commerce BOOSTER
DAY!" And when explanation is of-
fered as to what that means it is con-
fidently expected that every loyal
and enterprising citizen of Santa
Ana (and that ought to include all
who will prepare to place him or her-
self in a position to "boost" for the
Chamber on that date.)

The Chamber of Commerce is Santa
Ana's "Publicity Bureau." It is
through this organization, more than
any other, that the city is advertised
abroad and its attractions to home-
seekers and investors are made
known throughout the land. All our
citizens, therefore, are directly inter-
ested in making the Chamber just as
efficient as possible.

The greatest obstacle the Chamber
has always encountered is lack of
funds, which simply means that it
has never had members enough to
furnish adequate revenue. Since the
first of January, 1912, over one hun-
dred new members have been added,
entirely through the efforts of its se-
cretary. This is a most gratifying in-
crease, but the membership is still
far short of what it should be in a
city of this size, numbering at the
present about 370. With a member-

THE ROOSEVELT HOUN' DAWG SONG

CHICAGO, June 5.—The Roose-
velt campaign song made its ap-
pearance yesterday. The staff of
workers in charge of headquarters
came into the Congress Hotel
singing it on their arrival.

The song is a parody of the
famous war chant of the Champ
Clark boosters, "You gotta quit
kickin' my dawg aroun." It is
sung to the tune of "Casey Jones."

The song runs thusly:

"Teddy's got a dawg, but he ain't
no houn';
"He's a square-jawed bull and his
face is roun';
"His legs is short and he's close
to the groun';
"And you bet they ain't kickin'
Teddy's dawg aroun'."

Chorus:
"Square-jawed bull, and his face
is roun';
"Square-jawed bull, and he ain't
no houn';
"Short-legged bull, close to the
groun';
"And you bet they ain't kickin'
Teddy's bull aroun'."

night fight the resolutions committee
of the Ohio Democratic convention
voted by sixteen to five for a plank
binding all Ohio's National conven-
tion delegates to Harmon, including
the nineteen now pledged to Wilson.
Congressman James Cox was nomi-
nated for governor by acclamation.

CALIFORNIA JOCKEY WINS ENGLISH DERBY

Johnny Reiff Pilots 100 to 8
Shot to Victory at
Epsom Downs

LONDON, June 5.—With the king
and queen seated in the royal box,
Tagalie, a hundred to eight shot, won
the annual derby at Epsom Downs
today. The owner is W. Raphael.

The jockey was Johnny Reiff, of
San Jose, Calif. Time for the mile
and a half course was 2:38 4-5. Jac-
ger, owner, Ludwig Neumann was
second and Tracery, third. King
George's Pintadeau was fourth.

LEMON RATE HEARING SET FOR JUNE 24

WASHINGTON, June 5.—The
Southern California lemon rate case
was set yesterday by the Commerce
Court for hearing June 24.
The pre-hearing case was continued
until the fall term. It is probable
the Commerce Court will be out of
existence before that time, in which
event the case will be given to one
of the district courts. Testimony
probably will be taken during the
summer.

INTERVENTION SENTIMENT GROWING

Report That Santiago Business
Men Want United States
to Take Hand

MARINES LANDED AT
GUANTANAMO TODAY

Consular Reports Indicate That
Sedition is Growing
Throughout Cuba

WASHINGTON, June 5.—That 450
marines were landed at Guantanamo
by the Prairie, and that the Cuban re-
volution is rapidly passing beyond the
control of Gomez, is the burden of
dispatches to the State Department
today.

Marines are guarding all American
interests in Guantanamo and vicinity.
Consular reports throughout Cuba
say that sedition is spreading alarm-
ingly. Other marines will probably be
landed today. Cuban Minister Rivero
conferred lengthily today with Gen-
eral Wood. Both refused to divulge
the nature of the conversation.

SANTIAGO ASKS THAT THIS COUNTRY INTERFERE

HAVANA, June 5.—Reports are
current that the Santiago Chamber
of Commerce has voted to ask Amer-
ica to intervene to end the rebellion.
Six prisoners attempting to escape
following wholesale arrests on charges
of conspiracy, were shot and killed
today at Guanajay, in Pinar del Rio
province. A hundred and twenty-six
rebels have been jailed here.

AMERICA MUST PROTECT RAILROAD

WASHINGTON, June 5.—M. H.
Lewis, president of the Guantanamo
and Western Railroad, has informed
General Wood and Secretary Knox
that America must protect the rail-
road or Gomez will not have sufficient
available troops to meet the rebels,
who, he believes, are planning to dis-
rupt this means of transporting sol-
diers.

FOUR BATTLESHIPS TO RUSH TO CUBA

WASHINGTON, June 5.—Follow-
ing the conference between Presi-
dent Taft and Secretary Knox it was
decided to rush four battleships
from Key West to Guantanamo. Knox
declared the reasons were the neces-
sity of better wireless communica-
tion there and to have additional ma-
rines ready if needed. It is asserted
the action is no indication of in-
tervention, but merely precaution.

INSURGENTS HAVE FUN WITH FEDERALS

MEXICO CITY, June 5.—While Fed-
eral troops are pegging away at Oroz-
co rebels at Chihuahua, the Zapala
rebels are getting a good deal of joy
out of life by slaughtering Madero's
scattered detachments in the South.
The most recent battle occurred at
Tres Marias, State of Morelos, yester-
day, in which fight seventy-five out of
the 100 Federals engaged, were killed.
First reports from Zapala sources
say only twenty-eight out of 200 Fed-
eral soldiers escaped. This statement
was promptly denied by the govern-
ment as gross exaggeration and the
denial proved true, for twelve wound-
ed federal soldiers came in on the
Cuernavaca train today.

This is the second serious setback
for the Madero forces at the same
point within two weeks. Tres Marias
is only forty-six miles from the cap-
ital. In addition to the wounded,
scores of half starved refugees crowd-
ed in here today and all tell tales of
terrible conditions in the states of
Morelos, Puebla, Michoacan, Guerrero
and Oaxaca. Rebels or bandits, the
term seems interchangeable, are com-
mitting horrible outrages, their vic-
tims being women and children, as
well as men loyal to the government,
say these refugees.

GOVERNOR DECIDES AGAINST SPECIAL SESSION

SACRAMENTO, June 5.—Gov-

Diego.
The decision was reached as the
result of a conference with
Attorney-General Webb.

ALLEGES FRAUD USED TO GET ORDER

Heir to Estate Makes Serious
Accusation Against Three
Anaheim Residents

SEEKING TO TAKE
THEIR TESTIMONY

Attorney's Friends Stand by
Him, Say There is Nothing
In Contentions

Declaring that he is to bring a suit to get possession of land at Anaheim, Malcolm Baxter, Jr., has petitioned the Superior Court for an order to perpetuate the testimony of Chester Spencer, Emma M. Hunter and Attorney F. C. Spencer, all of Anaheim, whom Baxter alleges joined in the commission of fraud against the estate of Christina E. Romer.

Baxter states in his petition that he will bring suit against C. A. and Louise Boege, George Vandenberg, the German American Bank, F. L. and Minnie H. Eastman and Chester Spencer, now holding title to portions of the property that was concerned in the Romer estate. In view of his intention to sue these parties, Baxter's attorney, A. W. Ashburn, Jr., of Los Angeles desires to secure the testimony of three witnesses, Chester and Attorney F. C. Spencer and Emma M. Hunter, at once, and an order for their examination is asked, along with an order that they produce all contracts and correspondence that they had with Mrs. Romer.

According to the petition, Chester Spencer was administrator of the estate of Christina E. Romer, and on April 4, 1911, secured an order from the Superior Court to deed to Emma M. Hunter the land since subdivided and now standing in the names of those that Baxter says he will sue. The petition asserts that this order was secured by intrinsic fraud committed by the two Spencers and Emma M. Hunter. The petition states that it is expected to prove that the representations made to the court that secured the order of court for the land were false in the statements that Emma M. Hunter alleged that she had a contract of purchase of the land under date of July 14, 1910, made before Mrs. Romer's death; in that she had paid Mrs. Romer \$1,000 on the contract; in that numerous improvements had been made on the land by Emma M. Hunter, and in that \$2,300 was a reasonable valuation of the land.

Baxter alleges that he is an heir of Christina E. Romer and has been assigned the interest of all her heirs, and as such will bring suit to get possession of property that he believes was wrongfully allowed to go from the estate.

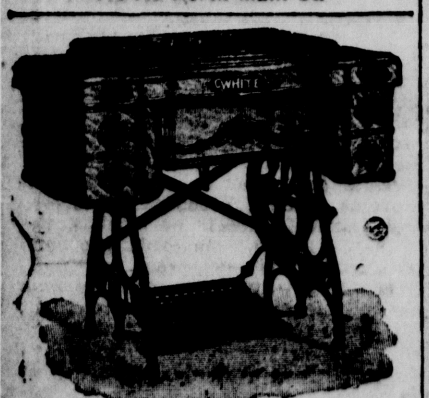

That an action might be brought has been known at Anaheim for some time, but with the present holders of the property in possession as entirely innocent purchasers it was not thought that they would be sued. The matter has been investigated.

Keeping It Up
No man can keep up with the auto game unless he has his machine looked over every little while by an expert machinist who knows the structure and mechanism of the standard car from A to Z.

EXPERT SERVICE
Why not consult us on your repair jobs, overhauling, adjusting and general oversight work? We have a reputation to keep up, and we guarantee to please you.

IT IS SAN JACINTO'S TURN NOW

You have seen valleys, and heard of valleys, but unless you have seen our beautiful San Jacinto Valley you can have but little conception of a real valley like this. It is more than a "level strip of land between hills," it is eighteen thousand acres level as a floor, surrounded by beautiful mountains, and every acre under cultivation, beautiful ranches and orchards of every kind, fine alfalfa farms, great potato fields, in fact most everything that will grow in any country can be grown here to better advantage.

All we want now is a few more good, neighborly settlers to join us in an expansion that we are proud to be able to make, and doubly proud to know that the highest priced acre offered in the valley at this time would still be a bargain at twice the price asked. Heretofore we have had population enough, because of the scarcity of water, but conditions have changed since the great water discovery made recently. We now have more water than we have land, and not quite as many settlers as either, so come right along and bring your friends. You can't beat it for climate, water, fertility, beauty, or a

place to accumulate a snug little fortune quick.

We have people with us who have traveled all over the world, and lived in this State for years, and are in a position to judge of the true condition as compared with other localities—they are here to stay. Now is the time to get in right. All we ask is a look. Every one should see the best there is to be had in any line before they decide. It adds the judgment in making comparison, we know if you will become interested enough to make comparison that the jig is up. When this is done, it only remains for us to co-operate with you and you with us in making San Jacinto Valley the most desirable home place on earth. Come over and see us, it won't cost you a cent after you get here, as we have a committee appointed with machines to show everybody around, absolutely free. These machines are at your service every day in the week.

Look for another notice in this paper tomorrow. Send postal for photographs and further particulars. San Jacinto Board of Trade, San Jacinto, Cal.

BOARD OF SUPERVISORS PLAN OF ROAD TO GO AHEAD

Surveyor to Prepare Specifications For Construction of Mountain Highway

The Board of Supervisors this morning instructed County Surveyor McBride to proceed with the preparation of plans and specifications for the proposed road up San Juan canyon (Sevierville canyon) to the Riverside County line. The brush-cutting gang, has practically completed its work, and the proposal of Supervisor Leck now is to have the specifications drawn up so that the building of the road can be let out to contract.

The county order that bids be advertised for supplying the county with 33,000 feet of bridge lumber, 3x12x22.

On School Board
The terms of J. J. Ziellian and A. W. Everett as members of the County Board of Education ending with July 1, the supervisors today re-appointed Prof. Ziellian and appointed Prof. C. C. Smith of Huntington Beach to take Prof. Everett's place. Everett is now teaching in Los Angeles.

Pipe Line Permits
Permits were granted to Charles Havens and Charles Bowman of Tustin for placing pipe lines across county roads.

Smith Committee
Supervisor H. E. Smith was appointed as committee to act with City Trustee Greenleaf in the securing of a new polling place for the Ninth precinct, Santa Ana. The polling place used has been an old barn.

June 24 Day Set
A resolution was passed ordering that those in charge of orphans and half-orphans receiving state aid appear at the office of the county clerk on June 24 to make out new applications.

The petition of J. M. Rush to put a culvert across a road at Bolsa, the petition of Fred Schutte for a new road and the petition of the Olive Milling Company for closing some streets in the Olive Heights townsite were granted.

A map of El Modena Citrus Lands was granted.

No Action Taken
Further consideration of the bids for the construction of the West Fifth street bridge was continued to June 25.

A permit to put a pipe line across a county road was granted A. F. Zaiser.

Waiting Until 4
The county clerk got into communication with J. H. Adams & Company, the successful bidder for the \$200,000 high school bonds, and Wm. R. Staats Company, successful bidder for the \$25,000 common school bonds, and found that those companies have not yet given up their desire to accept the bonds. They asked that the supervisors take no action toward advertising the bonds until 4 o'clock this afternoon, by which time the two companies will have from their attorneys final answer as to whether or not the buyers should take the bonds.

Committee on Hand
John Cubbon and S. H. Finley as a committee of the Santa Ana Automobile Club urged that the county take some action soon to better the main road through Orange County.

**SQUIRT GUNS USED
ON PASADENA OWLS**

PASADENA, June 5.—The wise old owls of Millionaires' Row on Orange Grove avenue—that is, the feathered nocturnal hunters—received an unpleasant surprise last night, when in the midst of their favorite evening sport of hooting the neighborhood into a state of wakefulness, knocking off the silk hats of belated millionaires and bumping into policemen's helmets, they were suddenly charged by a squad of police, who, under the direction of Chief of Police William H. Wood, attacked the owls with squirt guns loaded with ammonia.

Ghosts and tree-roosting foes were first ascribed as the causes of the mysterious late tipping, but a quick-eyed officer discovered the winged malefactor a few nights ago. Councils of war resulted, which ended in a request by the police for permission to use tactics against the owls which would tend to preserve the peace and dignity of the police force.

Squirt guns loaded with ammonia were finally decided upon as the best weapons of extermination.

Ban On the Sad
ONTARIO, June 5.—The Ontario City Council put the ban on risque and suggestive moving pictures in this city at their meeting last evening, following a petition from the local organization of the Woman's Christian Temperance Union, in which attention was called to a picture said to be unfit for the eyes of girls and boys of tender years, which was recently shown at a local picture theater, and urging that the showing of pictures be regulated and that a board of censors be appointed.

THE FRESNO WAY

Fresno Republican: The Fresno Health League's fly-swating campaign should not be confined to the youngsters working for prizes. That aspect of it is merely a device to arouse interest. The main thing is to swat the flies. Keep your house screened, to let as few as possible in, and swat those that do get in. Set up traps outside and capture all that you can get into them. If you have a place where flies can get and children can't, poison them. The poison is simple. A little sweetened milk and water, preferably with a slice of bread, in a saucer, with a little formaldehyde. The mixture will keep indefinitely, and the milk will never sour. By these and other devices, literally hundreds of flies can be captured. And every fly captured early in the season stands for possible millions unborn, later in the season.

This is primarily a fly-destroying rather than a fly-preventing campaign. But even destruction, early in the season, has its element of prevention also. The final solution is of course prevention, but that requires public and private co-operation on a scale for which we are not yet equipped. By proper effort, the practical elimination of the fly is entirely feasible. Flies do not wander far from the place of their origin. If there were not an open cess-pool, un-screened manure pile, or uncovered garbage can within the city or in its immediate outskirts, there would be no flies in the city. If all avoidable standing water were drained and all unavoidable were covered with petroleum, there would be no mosquitoes. The flyless and mosquitoless town is not only theoretically, but practically possible. The time will come when a town will be as ashamed to harbor these vermin as it would now be to allow pigs in the streets. In that time, towns will also be free of malaria and typhoid, and approximately of diphtheria and dysentery. And the time is not far ahead. Meantime we can do our individual parts toward approaching that condition. We can see that we have no manure-heaps, or that they are screened or sprinkled with petroleum. We can cover our garbage cans or burn the garbage. It will decrease the fly nuisance in the neighborhood, and it will be a good educational start toward civilized cleanliness.

And, now and forevermore, we can at least swat the flies.

WILL SAVE THE ROOF

Commenting on the probable action of the committee on contests, of the National Republican convention, the Pasadena News has this to say: "To date, 228 contests have been filed, with which the national committee will begin to wrestle Thursday, continuing in session until the eve of the convention, June 18. Just how far the pro-Taft committee will dare go in expressing its tendencies depends on the chance that exists for nominating Taft in the event that all the contested seats are decided in his favor. It would be a most unwise step to ignore the primary law of California, for example, by seating the two district delegates for Taft when the state-wide vote gave the victory to Roosevelt, and as equally desperate a measure to turn Washington over to Taft when the majority vote in that state was three to one in favor of Roosevelt. The result of so high handed a procedure would be to split the party asunder with the certain loss of the two states involved and the probable secession of others in sympathy. The insurgent spirit is best expressed by Medill McCormick who is quoted as saying that if the committee on contest should so decide he would 'shoot the roof off the convention.' We believe the pro-Tafters will save the roof."

A PARENTAL COURT

When a poorly-reared child commits a petty offense he is brought before the juvenile court. Ordinarily the charges are minor, and if they concerned adults, only a small per cent would justify a trial.

A Kansas City juvenile court official's statement that 75 per cent of the children brought to the juvenile court should not be taken before a magistrate calls attention to the possibility that we are not solving the problem of child misconduct after all. This official suggests that we prosecute the parents instead of the child.

Under the present system, in most cities, only the children can be punished. There is no control of the

EDITORS ON ANNUAL OUTING

The California Press Association Makes Shasta Springs the Place of the Twenty-fourth Annual Meeting—An Enjoyable Time Had—Annual Election Held

Shasta Springs was the objective point of the twenty-fourth annual excursion of the California Press Association, and eighty-four editors and their wives constituted the party which left San Francisco on Wednesday evening, May 22, and spent the ensuing week at this famous resort.

Both going and coming the editors enjoyed the privileges of a special train on the Southern Pacific, made up of four Pullman sleepers, an observation car and a diner. The trip service was arranged by J. W. Redpath of the company's advertising bureau.

Shasta Springs was reached by the association members the following morning during one of the last spring rains of the season, which gave to the verdant hillsides an appearance of unusual freshness and beauty.

Carl A. Babb, the manager of the Shasta Springs Hotel, met the party at Dunsmuir. When Shasta Springs was reached the excursionists were transferred to the Mt. Shasta scenic railway and carried up to the Plateau where the hotel is situated.

An ideal location on the edge of the plateau and commanding a view of the canyon of the Sacramento river, is the central building of the group which constitutes the hotel property. The office, lounge room, billiard room and open air veranda and dancing floor are located here.

Grouped about the structure in a park made attractive by lawns and trees, are the dining hall and the cottages containing the rooms for guests. Very comfortable in appointments are these rooms, one of the most delightful features being the fresh mountain water. The table of the hotel is supplied with all the delicacies of the season and the service is excellent.

At the base of the plateau, close by the railway station, is the world-famous spring from which the healthful Shasta mineral water gushes in to a stone fountain. A short distance away is the Oxone spring. From it issues a water entirely different in its chemical properties from that in the Shasta Spring. The illumination of the hotel grounds is one of the attractive features of the resort. In the evening the beauty of the falls is revealed by lights.

Mount Shasta, looming 14,444 feet above the surrounding country, is visible from the hotel grounds. Whether glowing in the rosy hue of the setting sun, or bathed in the soft, silver light of the moon, or with its rugged ridges revealed in the strong glare of mid-day, the grandeur of Mount Shasta is ever impressive.

The Sacramento river and its tributary creeks abound in front, while deer and big game can be found in the ranges back of the springs. Golf links, tennis courts, a croquet ground and an open-air plunge offer sport and recreation.

One feature of the trip was the excursion by rail to McCloud, the headquarters of the McCloud Lumber Company's domain of 200,000 acres of timber land. Eighteen hundred men are required to operate the logging camps, sawmills, planing mill and box factory of this company, which also possesses more than eighty miles of broad-gauge railroad.

Under the guidance of Superintendent C. T. Gage and other officials

parents. The blame for acts for which the parents are responsible falls on the child alone. The neglected child is brought before the juvenile court, charged with being a neglected child, while the fault really lies with the parents.

All this leads one to wonder if a good many of the cases now taken to the juvenile court could not be better handled by a parental court.

AS TO CARNIVALS

Riverside has unanimously decided that it doesn't want any more carnivals, after recently closing one. San Bernardino has replied, "Nay, nay, Pauline," to a carnival suggestion which was made to that community.

And the Redlands Facts says: "As a matter of fact, the carnival, as recently held here and elsewhere in this vicinity, has little to recommend it. It takes money out of town, and creates only a false temporary prosperity."

How about this Santa Ana?

P. E. is Surveying COLTON, June 5.—The supervisors for the Pacific Electric are in Colton surveying for the electric line, which is soon to be put in operation on the Southern Pacific tracks between Riverside, Colton and San Bernardino.

All our spring stock Ladies' Tailor-Made Suits at one-third off. Crook-shank-Beatty Co.

Did You Ever

stop to think that when you trade at a store that gives rebates or premiums that you pay for them, directly, or indirectly. It matters not whether it is a trading stamp or a baby's bank account. YOU PAY FOR IT.

If you don't believe in that method of doing business we solicit your trade on the no-rebate, no-premium, one-price-to-all plan.

Parsons & McNaught
418-418 West Fourth St.
BOTH PHONES 57

of the company, the party viewed the progress of the lumber from the time it enters the mill pool in log form until it is shipped from the yard, planned and kiln-dried. J. C. Wilder, superintendent of the McCloud Railroad, met the party at Slason and accompanied it over the scenic railway to McCloud, doing all he could to make it pleasant for the editors.

Through the courtesy of automobile owners of the cities of Dunsmuir and Slason, the excursionists were given an automobile trip to Slason, where is located the state fish hatchery, the largest on the coast and one of the most important in the world. Mr. Shively, director of the hatchery, extended every courtesy to the visitors and explained the methods by which millions of young trout annually are hatched and placed in the streams of the state. There are now nine million trout in the hatchery.

The trip between Shasta Springs and Slason gives the visitor an opportunity to view some of the most remarkable railroad engineering in California, most prominent of which is the Cantara loop. This is a part of a section of track seven miles in length which all trains must travel to cover an airline distance of less than a half mile.

As in past years, the evening entertainments given by the association were one of the features of the trip. Programs of vocal and instrumental music, readings, recitations, mock trials and dances were among the amusements offered.

Officers Elected The annual election of officers resulted in the unanimous re-election of Friend Wm. Richardson, editor of the Berkeley Gazette, and present State Printer, as president. Much of the success of the association is due to his untiring efforts, while the pleasure of the annual excursions has been made possible by his careful planning and by his assumption of all the burdensome details.

Oran A. King, of the Benicia Herald, who has worked harmoniously with the president, was again chosen as secretary.

The other officers elected were: Vice president, R. C. Harrison, Sun, San Bernardino; treasurer, Duncan McPherson, Sentinel, Santa Cruz.

Executive committee—G. B. Daniels, Enquirer, Oakland; F. B. Mackinder, Star, St. Helena; S. H. Olmstead, Journal, San Rafael; F. V. Dewey, Journal, Hanford; D. J. Reese, Free Press, Ventura; W. A. Shepard, Herald, Auburn; Wallace C. Brown, Review, Pacific Grove; Allen B. Lemmon, Republican, Santa Rosa; F. C. Roberts, Telegram, Long Beach; Will F. Blake, Advocate, Gilroy.

To Carl A. Babb, the genial manager of the Shasta Springs Hotel, and to his charming wife, the association is deeply indebted. Every member of the excursion was made to feel perfectly at home, and nothing was left undone for the comfort of their guests. The courteous employees in the office, in the dining-room and in the room service, showed the same spirit.

The association members left Shasta Springs, bound for their respective homes, at 10 o'clock Tuesday evening, May 28, and it was with regret on the part of every member that the hour of departure had arrived.

What Other Papers Are Saying Editorially

A Good Thing Newport News: The South Coast Improvement Association is a great thing. If it accomplishes no other object than to ally petty jealousies between different towns or different tracts it will serve a good purpose. We have become thoroughly imbued with the spirit that whatever helps a community helps us and hope that this feeling may become contagious as a result of the latest boosting and advertising organization. The money spent in advertising will produce good results but the Pacific Electric is actually giving us a bonus to help ourselves in the way of putting on permanent and efficient car service between this city and Los Angeles. Let us never hear the remark again that the P. E. will not do anything for Newport Beach. The company will lose money in the winter time by maintaining the frequent service but Mr. Shoup says they are ready to put their money up against ours for the good of the cities on the Newport line. The money for advertising will be raised by the land companies and abundant prosperity will follow its expenditure.

You Bet We're Movin' Orange News: Serve notice on the world that Orange is still strictly in the van of progress! Our trustees last evening took the first step toward paving West Chapman from the Plaza to the Santa Fe. It was one of the most-to-be-desired acts that has awaited their hand.

Paving means much to a city and we must have it. There will be opposition, as there has been to every forward step, but let the progressive citizen uphold the hand of the board in its good work. And when at length it is here, you couldn't take it away from the people if you used an army. And how our little old Orange has gone ahead these past few years. Sewers, water system, lighting system, paving, and the street railway knocking at the gate! That will come, too. Don't let down at this stage of the game. Stand together! And serve notice on the world that we will continue to go forward!

OXNARD FIELDS IN GOOD SHAPE

OXNARD, June 5.—With the payment of nearly 200 Mexicans who have been working in the bean field of this section, the beet thinning and hoeing season came to an end. For some months ranchers have worried greatly over the hard time to secure help for the early work in the fields. With the activities practically completed, statements are made by ranchers that but a small acreage in this section has been spoiled because

FOR THE PLAYGROUNDS
SOUTH PASADENA, June 5.—The Men's Brotherhood of the Calvary Presbyterian Church is not in favor of the playground project being advocated by the City Trustees. At a meeting held last evening, a committee consisting of John C. Hann, William Hazlett and Ralph G. Johns was appointed to wait upon the city fathers.

The committee was instructed to request that if the city cannot afford two instructors for the school playgrounds during the summer months, that it provide at least one director for the boys of the city, as they should have a public recreation center under proper supervision. Other organizations and individuals will follow the lead of this club and address the trustees along the same lines.

PLACENTIA

ORANGE CO. CAL. MR. READER

Are you one of the number who, having faith in the productiveness of the Placentia District, and Confidence in the Loyalty and Progressiveness of Placentia District's Residents, foresee the Town's future and were wise enough to make an early lot selection?

If you were one to grasp that early opportunity, we wish simply to extend our congratulations, for we are both aware of the handsome profit which you have either already taken or which has accrued to your property.

But, MR. READER, should you not for some reason have availed yourself of the perfectly safe investment and sure speculation there offered, we wish to impress on you the necessity to act promptly, "ere it's too late and you have nothing but regrets with which to console yourself."

Do you realize that there was a logical reason for Placentia Town? And just as surely as a Town has developed, a City will ultimately take its stand.

Placentia is essential to a very large agricultural district, than which there is no more thickly settled or prosperous in California.

The original purchase price of Placentia Townsite was 50 per cent lower than any adjoining acreage can be had for, consequently you can obtain that saving for yourself in Placentia lots.

For your own satisfaction see Placentia lots. Only eight residence lots in the original subdivision left and many of the choicest in the "addition" have been snapped up. Don't you want to select yours now?

Just for a little while longer the original prices and terms. Lots as low as \$150.00 and only \$15.00 cash payment.

PRETTY HOME WEDDING

Miss Ida Wilson Becomes Wife of Bertram Leiby at the Bride's Home

A pretty wedding ceremony was that performed at three o'clock yesterday afternoon which united in marriage Miss Ida Wilson and Bertram Leiby, son of Mr. and Mrs. W. H. Leiby. The ceremony was performed at the Leiby home on East Seventeenth street, which had been beautifully decorated for the occasion, and was witnessed by the immediate relatives only.

Rev. Allen Kennedy of the Tustin Presbyterian church officiated, using the beautiful ring ceremony of the Episcopal church. While the words that made them man and wife were being said the bride couple stood under an arch of asparagus plumosus fern and white lilies, in the center of which was tied a true lover's knot of white satin ribbon. They were attended by Mr. and Mrs. Byron Johnson, the latter being the groom's sister. The bride, who is a winsome brunette, was attired in a white lily-garden dress and carried a bouquet of white carnations and maidenhair ferns.

A wedding repast was served in the dining room where bride roses were employed as a centerpiece. Decorations used in other parts of the house were Easter lilies, Shasta daisies and ferns.

Upon their return from the honeymoon Mr. and Mrs. Leiby will be at home at Newport Beach, where the groom is in business. The good wishes of their many friends will follow this well-known couple in their journey through life.

Students Will Attend Banquet

A number of local high school boys are planning to attend the semi-annual banquet of the Student League of Southern California, which is to be held at Hamburger's restaurant this evening. Fifteen hundred students are expected to be present. Harry H. Holmes of New Zealand will be the speaker and guest of honor at the banquet.

Entertained Informally

Mr. and Mrs. J. G. Quick entertained informally at their home on East Fourth street last evening, about sixteen being present to enjoy an evening of music. Roses and Bermuda lilies were used in decoration and dainty refreshments were served.

Union Will Meet

Miss Ethel Whitehead of Los Angeles, who organized the Woman's Socialist Union of Santa Ana, will meet with that body tomorrow afternoon at the home of Mrs. Irene Smith on Chestnut avenue.

HAVE BIG TIME

Social Affair Held by the Y. M. C. A. Boys Proved Great Success

The first social for the Y. M. C. A. boys of Santa Ana was a very successful affair Tuesday evening in the basement of the United Presbyterian church. Barefooted boys, boys in old clothes, boys in best Sunday suits, boys with tousled hair, boys with plastered hair, boys with a thousand muscled to make them wiggle and none to hold them still, boys full of life and energy from each of the five grammar schools of Santa Ana, all kinds were there, and all seemed to enjoy the evening to the full. The social part was in charge of the Y. M. C. A. secretary, R. J. Hamilton, assisted by Martin Warren, Dean Bates, Charles Barker, Jasper Osborne and Arthur Anderson.

Snake, buzz, Japanese sword fights, ham and eggs, bean bag relays were among the evening sports. But the real fun began when it came time for the "eats." Each boy had brought a package containing some good things to eat, and when lunch time had arrived each boy drew a package. Then the "swapping" began, a banana being good for three cookies, a wienie for an apple, a pickle for a half sandwich, etc. Lemonade was served by the social committee.

Then the plans for the membership contest for the boys' department were announced. Every boy who joins the Y. M. C. A. between now and the closing of the charter roll will have his name enrolled as a charter member and will have the chance to see it entered on a list and hanging in a frame in some building in Santa Ana. It is hoped a Y. M. C. A. building. Every boy who gets five boys to join before the close of school will be presented with a Y. M. C. A. pennant. A list of the boys joining is to be exhibited in the store window of Miles' Shoe Store. It is hoped to secure 100 boys as members within the next ten days. The next social will be for members of the boys' department only.

A Bishop Coming

Bishop S. C. Breyfogle, D. D., LL. D., of Reading, Pa., one of the bishops of the Evangelical Association and presiding officer of the recent conference session at Porterville, will be the guest of Rev. and Mrs. Husser and preach this evening at Zion's Evangelical church. Those conversant with the German language and attending the service, will be treated to a rich gospel sermon.

Yesterday's Excursion

About 250 local people took advantage of the excursion put on by the Pacific Electric railway yesterday which took in several beach resorts in the forenoon and the increasingly popular Mission Play in the afternoon. Everybody had a fine time. They ate their lunch at the beach, bumped the bumpers and took in all the other attractions afforded before attending the play in the afternoon.

A few of those recognized on the cars were: Mr. and Mrs. George Balderston, John Cubbon, Jules Reinhaus, Misses Teresa and Pauline Reinhaus, Mr. and Mrs. J. W. Bishop, Mr. and Mrs. C. P. Kryhl, Mr. and Mrs. J. H. Martin, Mesdames W. M. Smith, Jack Kelley, Will Merigold, E. S. Wakeham, Ha L. Bishop, A. L. Cole, Roland Cook, Grace Congdon, Mary A. Beale, L. C. Anderson, Russell Cook, Misses Jane Murdy, Mary Rider, Ruth Taylor, Mary and Monte Hilliard; M. M. Crookshank, G. W. Minter, John Beatty, N. A. Ulm.

GIVEN PARTING LUNCHEON

Misses Cotter Entertained and Given Presents by the Inter Se Club

Miss Margaret Orr charmingly entertained the Inter Se Club at the Jean Cubbon home on French street yesterday afternoon in honor of Misses Mary and Celia Cotter who will leave Monday for a tour of the Yosemite Valley.

Much merriment was afforded by a mock lunch which was served in small newspaper-wrapped packages containing such "dainties" as sandwiches made of raw bacon "shaved" an inch thick between slices of bread of the same thickness, etc. Next a lot of mysterious looking bundles were brought in wrapped in bandana handkerchiefs which, when opened, proved to be genuine laugh-makers. They contained such traveling conveniences and toilet articles as an old tooth brush labeled, "You may both use this and save the room it would take for two," a bar of Naptha soap highly recommended as a complexion beautifier by a well-known woman, a bottle of "camfer," and so forth.

When two battered suit cases were brought in the honorees looked aawake at them, remembering what had gone before, but every cloud has a silver lining—even the kind that bring showers—and the suspicious-looking suit cases were found to contain pleasure and comfort to the trip. Among the articles observed were collapsible coat hangers, traveling bags, shirt-waist cases and books.

A delicious two-course collation was served in the dining room where a bowl of long-stemmed Majestic carnations of a delicately tinted pink formed an exquisite centerpiece. Those present were the honored guests, Miss Celia Cotter and Miss Mary Cotter, and Mrs. A. J. Crookshank, Mrs. Warren Brakenham, Mrs. W. H. Bullard, Mrs. Earl Glenn, Mrs. C. F. Hell and Miss Lida Crookshank.

The Woman's Club

The meeting of the Woman's Club which was held yesterday at the home of Dr. Lettie C. Mansur was as interesting a meeting as the club held during the year and closed the club's work.

Current Events was one of the topics of the day and though at times there was a vast difference in the viewpoints given on the subject brought up it was done good naturedly. Mrs. Sarah Uttley, a delegate of the club to the State Federation of Woman's Clubs, held at Paso Robles, May 22 to 24, gave a vivid and interesting report of the convention. So well pleased was the club with Mrs. Uttley's work it rose to its feet to express its appreciation of the same.

Mrs. Marcela Bonney's paper on "Are Women Making the Most of their opportunities?" was answered in the affirmative in an able and exceedingly interesting manner. It was decided the club should hold its annual picnic at Orange County Park. Mrs. Kryhl and Mrs. Uttley were appointed as a committee to look after and arrange for transportation to the park. Mrs. M. F. Bradshaw expressed her satisfaction in the work the club had done during the year. Before she had time, however, to lay down her gavel, Mrs. Alice Gould, with well chosen words in behalf of the club, presented Mrs. Bradshaw with a cut glass dish. Mrs. Bradshaw's eyes expressed astonishment and though her words of acceptance were few, the club felt they were from her heart, and she accepted the gift in the spirit it was given, as a memento of a pleasant year's work.

Wed After Many Years

Word has been received here of the marriage of John Gowan of the firm of Gowan & Willard of this city and Miss Mary Grant. The ceremony took place yesterday evening at the home of the bride in Galva, Illinois. Mr. and Mrs. Gowan were schoolmates and had not seen each other for twenty-seven years previous to the date of the marriage. After a honeymoon trip in the East they plan to return to California via the Northern Pacific route, reaching here about August first.

CANTATA WELL PRESENTED

Santa Ana Choral Society Does Splendid Work in Gaul's "Ruth"

The First Congregational church was crowded to its fullest capacity last evening to hear the Santa Ana Choral Society present Alfred R. Gaul's sacred cantata "Ruth," under the direction of Alan A. Revell.

The cast was composed of the Congregational Quartet augmented by singers from other church choirs of the city, making sixteen voices including the soloists. The beautiful story of Ruth, whose life of devotion never grows old, was sung in a bright, sweetly harmonious manner, the choruses being well balanced and showing much expression. The whole rendering of the cantata was splendidly done and reflected much merit credit upon Mr. Revell who so admirably directed the singers.

The solo work of Mrs. Charles Johnson as "Ruth," Mrs. Carl G. Strook as "Naomi," Miss Mayme Havens as "Orpah" and Mr. Maurice Phillips as "Boaz," was indeed splendid and showed much preparation of their respective parts. Miss Mayme Havens possesses a beautiful rich contralto. Mr. Maurice Phillips, who possesses a fine rich, round-toned voice, ably rendered the parts assigned to him. The voices of Mrs. Carl G. Strook and Mrs. Charles Johnson blended beautifully in the duets and trios. The choruses were fine and showed considerable expression. The scene for the first part is laid in the country of Moab and on the road to Bethlehem, and the opening chorus treats of the famine that compelled their return to a strange land, the separation that ensued and Naomi's poignant grief and lament at the bitterness of her life. The second part was "Joy," opening with the beautiful chorus of Reapers and telling of the meeting of Ruth and Boaz and their ultimate attraction and marriage. The recitatives and airs in this part were very well done, and the choruses splendidly rendered. The wedding chorus was a good swinging finale and was repeated on encore. Mr. Revell used a piano as accompaniment.

On the whole the production was a decided success.

Two Lodges Combine at Meeting Sixty-five members of the American Nobles consolidated with the Fraternal Union of America Monday night at the regular meeting of Mayflower Lodge No. 365, F. U. of A. The following new officers were elected and installed: Fraternal Master, J. Wiley Harris; Recording Secretary, Mrs. W. H. McCord; Treasurer, A. C. Williams; Justice, Mrs. Lea Warren; Truth, Mrs. W. H. Stearns; Mercy, Mrs. A. C. Williams; Guide, Mr. W. H. Stearns; Guard, Mrs. R. H. English; Sentinel, Theo. Lacy; Stewards, H. H. Ellis, Hoyt Hall, Col. Heathman. The installation ceremonies were in charge of Deputy Supreme President Mrs. B. Uttley, assisted by Mrs. R. H. English and Mrs. Theo. Lacy. At the close of the installation ceremonies the members were invited to the banquet hall, where delicious refreshments were served.

Tustin W. C. T. U. Postponed The regular meeting of the Tustin W. C. T. U. will be Thursday, June 13 instead of next Thursday as announced. The meeting will be led by Miss Childs with the subject, "Flower Mission."

The Santa Ana Lodge No. 30 of the Fraternal Brotherhood will hold election of officers Friday night, June 7. Every one is requested to be present. The monthly dance will be postponed until the second Friday.

GUILD BAZAAR The annual bazaar of the Woman's Guild of the Episcopal church will be held in the Guild Hall of the church Wednesday afternoon, June 5, from 2:30 to 5:30 p. m. There will be a sale of fancy work, cooked foods, and ice cream and cake. Tea will also be served.

BOY'S ARM IS BROKEN IN RUNAWAY TODAY

ORANGE, June 5.—Herbert Wilson, son of F. H. Wilson, had his left arm broken today when he was thrown from a runaway rig. The horse became frightened at a concrete mixer.

NATIONAL COMMITTEEMAN MISSING FOR A YEAR

CHICAGO, June 5.—Missing from his home in Reno for nearly a year, the whereabouts of John Sunderland, Democratic National Committeeman from that state, is a mystery to other members of the National Committee and to prominent Democrats of his town and state.

According to advices from Reno, Mr. Sunderland disappeared about a year ago. He was prosperous in his business, it is said, and no reason can be assigned for his voluntary leaving Nevada.

Urey Woodson, secretary of the Democratic National Committee, yesterday announced that for the last six months he has been endeavoring to trace Sunderland, but has been unsuccessful.

County Y. M. C. A. Secretary R. J. Hamilton spent today at Newport Beach.

Mr. and Mrs. J. P. Thompson and Howard White will leave this afternoon for a ten days' visit at Hisperia, Cal.

Charles Willard was a business visitor in Los Angeles today.

Mrs. John Devenney of Old Newport was in Santa Ana today.

The following Santa Anans spent the day in Los Angeles: Mrs. T. J. Haughton, Miss Mary Liggett, Attorneys Dick Foye Harding and S. M. Davis, J. R. Maag and Percy Rice.

Mrs. Ernest Stanley, who has been staying with her parents, Mr. and Mrs. John Taylor of this city, until political conditions in Mexico would permit her to return to her home at Concepcion del Oro, left for a ten days' trip in the northern part of the state the early part of the week. She will visit Mr. Stanley's sister, Mrs. Claude Smallwood, and at the home of Harry Stanley at Pleasanton, Cal., during her absence.

LOS ANGELES STORK BREAKS OWN RECORD

LOS ANGELES, June 5.—Birth records for May, 1912 shattered all previous records for one month in the history of Los Angeles, there being 629. The previous record for one month was 606. According to Henry Sief, mortuary statistician, there were 112 more births during May than in the same month last year.

The increase of births over deaths last month was 117, the largest in the history of the city. The death roll was remarkably low.

MARRIED AFTER 40 YEARS

SAN BERNARDINO, June 5.—Joseph Bucher, a local capitalist, and Miss Emilee Gimbel of Chicago were married here yesterday as the culmination of a romance which began forty years ago which Bucher came from Switzerland and became a friend of the Gimbel family in Chicago. The first Mrs. Bucher died five years ago and he hunted up his old sweetheart.

BIG PRICE PAID FOR ORANGE GROVE

SAN BERNARDINO, June 5.—Eighteen hundred dollars a acre yesterday was paid for a ten-acre orange grove in the Highgrove district by C. L. Hensley, a recent arrival from British Columbia. E. C. Merryfield and Anna Kelly sold the property. The grove is set to fifteen-year-old naves and one of the best in the Highgrove district.

We have a full stock and our men know how to put the several articles "where they will do the most good." We are prepared to Estimate the Cost and do the work anywhere in ORANGE COUNTY.

We are making irrigating pipe six days every week and find it barely possible to supply the demand.

Our stock of hardware is the most nearly complete of anything in this end of the state.

For a Square Deal see

S. HILL & SON.

213 East Fourth St.

DEMANDING FREE SWITCH

ORANGE, June 4.—The City Trustees last night voted to ask the State Public Utilities Commission to compel the Pacific and Home Telephone Companies of Santa Ana to give free switching privileges to Orange which has the Pacific phone only.

The City Trustees also voted to leave to the people at an election to be held in July the question as to whether or not the city should turn over to the commission the regulation of the rates charged here for gas and electricity.

DR. ANNA SHAW**NAMES IDEAL CABINET**

NEW YORK, May 5.—Dr. Anna Howard Shaw, president of the National Woman Suffrage Association, announces the personnel of the cabinet she would select if she were president, in an article under her own signature in the July number of McCall's magazine to be issued today.

"If I Were President" is the title of the article. The proposed cabinet follows:

Secretary of state, Miss Jane Addams; secretary of the treasury, Mrs. Hetty Green; secretary of war, Andrew Carnegie; attorney general, Louis D. Brandeis; postmaster general, Senator Jonathan Bourne; secretary of the interior, Ella Flag Young; secretary of agriculture, Prof. Charles Bailey; secretary of commerce and labor, John Mitchell.

Dr. Shaw does not announce whether or not she would abolish the office of secretary of the navy, but she would confer on Miss Jean Gordon of New Orleans the chairmanship of the child welfare commission, make John D. Rockefeller, Jr., chairman of the white slave commission, and give the chairmanship of the pure food commission to Dr. Harvey W. Wiley.

RETURNED HOME

Orange News: Prof. and Mrs. C. E. Taylor, the Misses Orma and Lulu Travis and Minerva Hayward returned home today to their home in Alhambra. They have been in Orange since the funeral of Mary Travis, which was held Friday.

Hugh Robertson was brought home today from the Santa Ana Hospital, where he has been confined for the last seven weeks with a severe attack of typhoid fever. For several weeks he was critically ill, but he is now considered out of danger and on the road to recovery.

Why Not?

"Would you buy an automobile if it was pretty as a picture?" Yes, if it had a good frame.

The Imperial auto has as good a frame, handsome a shape and as pretty a design as any car on the market today and the price is so moderate that any one can afford to buy. If you have any doubts come, see and be shown. Every user of one has only words of praise for it. Every car is fully equipped. No extras to buy or start on a trip. You merely start the engine and you are off. Hills, sand or macadam all look alike to her engine. Ask for Thelan at Guarantee Garage, Second and Bush streets, Santa Ana.

50 dozen Ladies' Gilt Edge Hosiery on Special Sale at 35c, or 3 for \$1.00. Colors, Black, Tan and White. Crook-shank-Beatty Co.

Special! Fancy black cherries, 2 pounds for 25c. Raspberries 10c box. Fancy new pears, 8 pounds for 25c. James Sanitary Fruit Store, 111 East Fourth St., Santa Ana.

NOTICE TO VOTERS
The great register of Orange county, for the year 1912, as well as every other county in the state of California, is now being compiled. All voters who expect to participate in the general election, to be held on November 5, 1912, for the purpose of electing electors for president of the United States, and for certain state and county offices, must register on or before October 5. Registration closes for the state primary election August 3, and for the general state election on October 5.

W. B. WILLIAMS,
County Clerk.

To the Land Buyer

—OUR POTATO, ALFALFA AND CITRUS LANDS, as we predicted, are selling rapidly. Advertisement appeared first in these columns May 22nd. Already a considerable portion has been sold.

The following, which appeared in the Los Angeles Times of May 24th, proves our section to be EARLIER BY ABOUT THREE WEEKS than any other in Southern California, which gives the grower a decided advantage.

"WM. HARPER, THE POTATO KING, is preparing for the harvesting of his 480 ACRE SPUD CROP. Early Monday morning he expects an output of 200 CARS. He has arranged to transport the Potatoes to St. Louis where a contract for the sale of every pound of the Potatoes is all ready to sign. Harper expects to clean up \$80,000 on his big harvest."

It certainly looks like business to see the great number of men digging

and teams hauling as fine Potatoes as you ever saw. He planted just 80 days ago. What can you do to beat it?

Is it not an easy and quick way to pay for land? Then when you want to quit growing Potatoes, you can plant ORANGES OR LEMONS that in a few years will be worth anywhere from \$1500 to \$3000 PER ACRE. Remember this land is located so you have every advantage—schools, town, churches and transportation; electricity for lighting is now being installed, and surveys for gas lines have been made.

Where else can you buy land with these conveniences—with a water right in a gravity system serving water at 15c per inch—as low as \$235 PER ACRE?

See the owners at 505 Fay Bldg., Los Angeles, or call Phone A 1811, Main 1193. J. F. BALLIET and A. M. JONES.

GUSHER TALK PURE FICTION

Nothing in Report Concerning
Strike on Amalgamated
Lease in This County

Fullerton Tribune: On the basis of the report that the Amalgamated had struck a gusher at 1490 or less the stock of the company made a big jump in the market the middle of last week. According to the best accounts there was very little on which to base the report.

The story that well No. 10 was gushing 10,000 barrels a day is pronounced pure bunco and the fiction of some yellow journalist. It is true that in this well a stray formation of oil bearing sand was found at something like 1300 feet, but the well is not a producer, nor the phenomenon which rumor deponeth.

The Amalgamated will undoubtedly get a well in this location with depth. The company has had good success on the Anaheim Union Water company lease and is the pioneer in the valley territory. The origin of the wild report is not known.

In No. 6 the company has made a fine record and is down about 2700 feet in less than three months. On No. 3 the Amalgamated is cementing

off the water. This is the deepest well in this part of the field and it is stated that the company will continue to explore for light oil.

The Petroleum in the same section of the field has its first well down something like 3100 feet and is reported to have a 300-barrel well on the pump. Considerable gas pressure was encountered. The company is sinking its second well.

The Dorsey company on the Pittman lease, northeast of the Petroleum, is down about 800 feet with the rotary. Some hard formation has been encountered similar to that in other wells in the same territory. The Dorsey is one of the more recent companies to enter the Fullerton field.

The Walker Brand company is preparing to drill on the Yorba lease. Most of the machinery is installed and everything will be in readiness to go ahead in a few days. The Yorba property is considered an excellent prospect.

The McAnders Oil Company has 80 acres of land south of the Petroleum, 40 owned by Hale and 40 by Anderson. This marks the farthest south boundary of the operations on the east side of the field. The McAnders will drill with a combination rotary.

DELEGATES TO CHICAGO WILL TRAVEL IN STYLE

LOS ANGELES, June 5.—The Santa Fe train "de luxe" which will leave Los Angeles the morning of June 12, carrying the California delegation to the national Republican convention in Chicago, will include among its passengers Governor Hiram W. Johnson, who is favored for the nomination for vice president.

The number of passengers is limited to seventy-five. There are twenty-six delegates and twenty-six alternates. Many will be accompanied by members of their families.

The equipment consists of four Pullmans, a parlor observation car, a diner, composite and baggage cars. It will leave San Francisco the evening of June 11, coming by way of the San Joaquin valley, bearing delegates from the north, picking up at Los Angeles the Southern California members. From this city the train will go eastward, reaching Chicago the morning of June 15. Accommodations were arranged by Meyer Lissner, chairman of the Republican State Central Committee.

All our spring stock Ladies' Tailor-Made Suits at one-third off. Crookshank-Beatty Co.

ORANGE CITY FATHERS BUSY

Propose to Pave West Chapman From Railroad to the Plaza

Orange News: After paying a \$3,500 bid, listening to a neighborhood row, opening three sets of bids and letting two contracts for an aggregate of \$6,000, calling a special election, applying for inter-change of telephone switching between the Home and Pacific, ordering in paving for four blocks west of the plaza, accepting a sewer map of Palmyra avenue, and cleaning up a few minor matters, the City Trustees last evening adjourned with absolutely nothing to do until morning. But they met at 7 o'clock this morning to complete last night's business.

Standing out big as features of the evening's work were the ordering of a resolution of intention to pave from the plaza to the Santa Fe; the calling of an election to decide the question of vesting the rate regulation powers of the city in the Public Utilities Commission; the application of the Public Utilities Commission to require the Pacific and Home Telephone companies to switch upon each other's lines at Santa Ana; and the acceptance of the sewer map of Palmyra avenue.

Paving
The city attorney was instructed to prepare a resolution of intention to pave West Chapman from the plaza to the Santa Fe with first-class asphalt-concrete paving similar to that used in the plaza. This step indicates that it is the intention of the board to push this branch of improvement where its need is evident and the public good demands. This street, perhaps more than any other, has needed improvement, since it is the street that incoming tourists on the Santa Fe first traverse, and from which they receive their first impression of the town. In hot weather it is frequently in frightful condition. Since it is probably the most traveled street in the city, especially by foot traffic, the need of improvement has been imperative.

New York Is The World's Dress Capital

"Benjamin Clothes" made in New York are the leaders in the fashions of the universe. "Benjamin" garments combine all the style, tailoring, fashion of the Fifth Avenue tailors with the workmanship, care, quality, finish of the great "Benjamin" fashion workshop.

UP NORTH MAIN TO SANTA CLARA AVENUE

The Triangle Trolley Trip car today ran up North Main street to Santa Clara avenue for the first time. Mayor Ey accompanied the excursionists, and from the comments he heard the visitors were well pleased with that addition to the regular trip through Santa Ana. Hitherto the trolleyists have been taken to the city hall, and the stay here was short. The addition of the trip up North Main street gives the visitors a good idea of the residence portion of the city.

Preserved Strawberry Delight
The season of the delicious strawberry is not very long and it behooves the housewife to be familiar with methods of preserving so that the berries may retain their flavor.

Strawberries make the most delicate of preserves. Use pound for pound of fruit and sugar. Select the largest, most perfect berries; put in deep dishes; sprinkle over the sugar and shake the dishes so it may reach all the berries; leave 12 hours, or longer if more convenient; drain off the juice carefully and boil until it is like jelly, then put in the berries, a few at a time (not pour them in a mass), and let simmer 15 minutes. Skim them out carefully, put in pint cans or jelly cups, and fill with the syrup. When cold cover with melted paraffin and tie up jam.—Farm and Home.

Closing out large wall paper stock at Chandler's, 510-516 North Main. All grades, at greatly reduced prices.

CROP WILL BE BELOW NORMAL

State Bee Keepers Association
Advises Apiarists as to
the Conditions

George L. Emerson of Los Angeles, report manager of the California State Bee-Keepers' Association, has issued the following report on the honey crop:

The California crop will be much below normal and so far as I can figure it out, the same applies to the country as a whole. This being the case there is no use in forcing the little early honey we have on the market which is not ready to buy. The eastern buyers want to be sure of what the conditions are before ordering; there is no settled price and I strongly urge the producer to be as independent as the buyer for the present. There was no great quantity of honey held over and I firmly believe these reports to be honest statements of the bee-men themselves, whom we can trust to know the condition better than anyone else. Extracted Orange is selling to the grocer at 7 1/2c; old crop comb clearing up at various prices; no new offering and no carload lots of any kind moving.

SAN DIEGO COUNTY, May 27.—Prospects poor, fear early drought blasted production. Sage opening up some, but not much. Wild buckwheat budding finely.

G. F. MERRIAM,
San Marcus.

IMPERIAL COUNTY, May 19.—I confirm my report, we are now 12 to 15 per cent short of normal. Weather cold and windy. I have had inquiries for new crop but have not heard of any sale. I know of no reason why we should not get as good a price, if not better, than last year.

J. W. GEORGE,
Imperial.

VENTURA COUNTY, May 16.—Bees wintered well, prospects for honey very poor. Predict little, if any, surplus honey this year.

W. H. ALLEN,
Inspector of Apiaries, Ventura.

RIVERSIDE COUNTY.—Expect 25 pounds to the colony from Orange. This is an off year for sage. We do not look for much from that source.

GOLDEN RULE BEE CO.,
Riverside.

INYO COUNTY.—Weather changeable and unfavorable for bees and vegetation. Frost a couple of nights ago. No rain since last letter and little for the season. Alfalfa is irrigated but wild flowers will be scarce. Elevation over 4000 feet. Bees barely making a living. Some had to be fed.

WM. MUTH-RASMUSSEN,
Independence.

SANTA BARBARA COUNTY, May 28.—Received 3/4 inches rain May 25 which will hold a great deal. High winds now in progress. Look for 50 pounds per colony. Little winter loss.

FRED A. PARKER,
Lompoc.

LOS ANGELES COUNTY.—2 1/2 tons Orange from 270 colonies. Outlook from sage not very good. Wild buckwheat looking well.

W. W. HATCH,
Jomona.

SAN JOAQUIN COUNTY, May 22.—Queerest season in my 17 years' experience in bee keeping. No swarms or a single pound of surplus; predict total failure of early nectar secretion with perhaps some late honeydew.

SEBASTIAN ISLIN.

NORTHERN CALIFORNIA, May 29.—We had to do some feeding during this month. This spring the poorest I have ever experienced in this locality. Prospects look favorable for average crop.

W. GEAR,
Vorden.

Closing out large wall paper stock at Chandler's, 510-516 North Main. All grades, at greatly reduced prices.

Fatal Admission
Merchant—What other qualifications have you for the place? Applicant—Well, my friends tell me I have a contented disposition and—Merchant—You won't do. We want a man with a discontented disposition, one that will hustle.—Philadelphia Press.

WESLEYAN CO-EDS TURN TABLES AND GIVE MEN SNUB

MIDDLETOWN, Conn., June 5.—Indignant at the snubs which they say their sisters have received from male students, Wesleyan's last class of co-eds have decided not to accept the invitation to sit with the men on class day and accordingly will hold their exercises by themselves.

For twenty years or more the women have been boycotted socially at Wesleyan as a protest against the continuance of co-education. Accordingly, in 1909, the trustees voted to make Wesleyan strictly a men's college commencing with September, 1912.

The men in the present senior class decided to lift the ban a few weeks ago and invited the girls ones to unite with them in their commencement exercises.

Just in, several dozen of the latest things in Bangalore. Note—a handsome line to choose from—at Chandler's, 510-516 North Main St.

All Trimmed Hats at just half our regular prices. Crookshank-Beatty Co.

and numerous other cars of different makes and styles. This is an absolute sale and dissolution of partnership. Each and every car will be sold for just what it brings. No boosters, no by-bidders, no steel-pigeons at this sale. Here is a chance to get a good car at your own price. All cars guaranteed in first-class condition. All cars will be sold for cash in hand; no time, no discount—just what they bring. If you want a bargain come to this sale and help yourself. For full particulars call CONGDON MOTOR CAR CO., Santa Ana, Cal., or Col. D. A. Whitaker, 339 South Hill St., Los Angeles.

We have been in Santa Ana 12 years and six years in the automobile business, with a widespread reputation that we cannot afford to sacrifice for a few paltry dollars. What we tell you regarding these cars and this sale must be exactly true in every particular. Each car sold in this sale will be guaranteed to be in first class condition by our personal guarantee. Yours for a square deal.
